

STANDARDS WITH SIX STRANDS

The Michigan Mathematics Curriculum Framework has the following standards within these six strands:

1. Patterns, Relationships and Functions
 1. Patterns
 2. Variability and Change

2. Geometry and Measurement
 1. Shape and Shape Relationships
 2. Position
 3. Measurement

3. Data Analysis and Statistics
 1. Collection, Organization and Presentation of Data
 2. Description and Interpretation
 3. Inference and Prediction

4. Number Sense and Numeration
 1. Concepts and Properties of Numbers
 2. Representation and Uses of Numbers
 3. Number Relationships

5. Numerical and Algebraic Operations and Analytical Thinking
 1. Operations and their Properties
 2. Algebraic and Analytical Thinking

6. Probability and Discrete Mathematics
 1. Probability
 2. Discrete Mathematics
